27       Through these studies, I have been deepening my knowledge in software development,
28       programming, and various computing technologies.My BCA gave me a solid start in programming
29       and web development,and now my MCA is helping me expand those skills further.
30       I am deeply interested in web development and have been focusing on improving my
31       skills in Data Structures and Algorithms (DSA) to strengthen my problem-solving abilities.
32       I'm particularly passionate about working with the MERN stack (MongoDB, Express.js, React, Node.js)
33       to build full-stack web applications. My goal is to combine these skills
